

Clinical and Translational Science Seminar Series

“DNA Damage-Induced RNAPII Degradation and Its Consequences in Gene Expression”

Online seminar

Speaker: Dr Manuel J. Muñoz

Department of Physiology, Cell and Molecular Biology.
Universidad de Buenos Aires. CONICET
30 de noviembre 2023, 15:30 horas

Dr. Muñoz group studies the consequences of exposure to ultraviolet (UV) light on skin cells. In particular, they investigated how UV light-induced DNA damage modulates gene expression and cell survival. *Nat Rev Mol Cell Biol.* 2013 Mar;14(3).

Moderators: Prof Fernando Larcher y Prof Esteban Chacón de la Cátedra de Investigación IISFJD-UC3M-CIEMAT y CIBER de Enfermedades Raras

Contacts: Paloma García (marialag@pa.uc3m.es) y Raquel Largo (RLargo@fjd.es)

Note: Free seminar. Certificates of attendance are available by registering in advance sending an email to Paloma García.
